

Week 2 Home Assignments

Sc#1 Text to Audio

The screenshot displays a REST client interface with a sidebar on the left containing a list of collections and environments. The main panel shows a POST request to the URL `https://api.groq.com/openai/v1/audio/speech`. The request body is a JSON object with the following fields:

```
1 {
2   "model": "canopylabs/orpheus-v1-english",
3   "input": "[Cheerful] vanakkam. I am a language model created by Groq. I am here to help you with any questions you may have. How can I
4     assist you today?",
5   "voice": "diana",
6   "response_format": "mp3"
7 }
8
```

The response status is `200 OK` with a response time of `1.38 s` and a size of `402.04 KB`. Below the response, there is a media player showing an audio waveform.
